

#GoogleOnCampus events

Life of a SWE & Google Cloud Labs

Interested in learning what it's like to be a Software Engineer at Google? Want to gain powerful insights into our various developer labs? Join us for modular tutorials across a variety of topics across ML and the cloud, while also learning the ins-and-outs of what makes a SWE at Google! This interactive workshop will be lead by a Google engineer where ZERO prior knowledge of machine learning is required. Make sure to bring your laptop!

Food and swag will be provided!

Tues. Feb 18th

1pm - 4pm

College of Eng Multipurpose Room, BSE 2.102-1

RSVP: <https://goo.gle/37AAuZQ>

Google Innovation Challenge

Working on side projects is a great way to build your technical skills while creating something meaningful. But we often hear students say, "What kind of projects should I work on? How do I come up with project ideas?" We're here to help! Join us for this Design Thinking workshop to get your creative juices flowing and to brainstorm a few solid options.

No previous engineering/computer science background is required! All majors invited!

**We're hosting two sessions.
Please RSVP for the one you can attend.**

Food and swag will be provided!

OPTION 1:

Wed. Feb. 19th

11am - 1pm

Denman Room

RSVP: <https://goo.gle/2uEXJDz>

OPTION 2:

Wed. Feb. 19th

1-3pm

Denman Room

RSVP: <https://goo.gle/2SdbWj8>
