

## Minor in Civic Engagement

Make a difference. Become a leader. Strengthen society. Shape your community's future.

All of this is possible with a minor in Civic Engagement. No matter what your major, this program will help you develop leadership, teamwork and problem-solving skills - **the skills employers want.**

If you enjoy hands-on learning and want to solve real-world problems, the minor in Civic Engagement is the right choice.

**Make an impact.** Build your resume. Choose a minor in Civic Engagement.

### HOW CAN THIS APPLY TO MY MAJOR?

**Engineering:** Engineers work with the community to develop an understanding of the civic bodies who oversee projects that impact the public.

**Business:** Cable providers are working to bridge the digital divide and improve digital literacy for underserved communities.

**Architecture:** Civic participation is one aspect of the city's health. Design strategies can build civic engagement by translating into actionable designs for neighborhoods and buildings.

*"Practicing different leadership and communication skills will benefit me as I eventually shift my research career into local policymaking."*

-Briana Diaz, BA Psychology '19

*"As a future physician, I aim to work with populations in need. I plan to go into healthcare policy, and the courses for the Minor in Civic Engagement have allowed me to gain the advocacy, policy, administration, and communication skills necessary for that career."*

-Bharath Ram, BS Biology '19
