Are you ready to become a leader who makes a difference on the global stage? Our new course starting in Spring 2025, "Leadership in the Global Arena," is designed to empower aspiring leaders with the skills and insight to excel in today's interconnected world.

Whether you aim to lead in a multinational corporation, a nonprofit organization, or as an entrepreneur, this course offers the tools you need to lead with confidence. Topics include: productivity, ethics, critical thinking, communication, cultural intelligence, visionary leadership, networking, mentoring, and more.

Through an interactive approach, students will grow their self, team, and organizational leadership skills. The course will include a variety of approaches including hands-on leadership practice, case studies, and guest speakers to further develop skills to effectively lead in various contexts, cultures, and countries.
