

Fall 2014 Freshmen Orientation Scheduling Expectations

As we all prepare for freshman orientation, we thought it best to send out a reminder of the following fall 2014 course scheduling expectations for incoming freshmen. Meeting the expectations below is critical to facilitate students' timely progress toward their degree.

In those rare circumstances when these expectations cannot be met, you should enter a brief explanation in Banner.

EXPECTATIONS

- A freshman planning to attend UTSA full-time is enrolled in at least 15 hours.
- A freshman with TSI deficiencies must address all deficiencies during the fall 2014 semester.
- All WRC 1013-ready freshmen must enroll in AIS 1203 + WRC 1013 during the fall 2014 term until all available slots are filled at which point the student should be enrolled in UPM 1000.
- All WRC 1023-ready freshmen must enroll in AIS 1203 + WRC 1023 during the fall 2014 term until all available slots are filled at which point the student should be enrolled in UPM 1000.
- A freshman entering UTSA with credit for both WRC 1013 and WRC 1023 must enroll in a stand-alone section of AIS 1203 during the fall 2014 term until all available slots are filled at which point the student should be enrolled in UPM 1000.
- When a freshman is enrolled in UPM 1000 rather than AIS 1203 during the fall 2014 term, a comment should be added in SPACMNT indicating why the student is not enrolled in AIS 1203 for the fall 2014 term, with comment type FYE:
 - (1) All AIS/WRC 1013 linked sections are filled
 - (2) All AIS/WRC 1023 linked sections are filled
 - (3) All standalone AIS sections are filled
 - (4) Student is not WRC 1013 ready
 - (5) Other-detailed explanation
- A freshman entering UTSA without college-credit for their core math course must enroll in the appropriate math core course during the fall 2014 term until all available slots are filled.
- When a freshman is not enrolled in the appropriate math core course during the fall term, a detailed comment should be added in SPACMNT indicating why the student is not enrolled in a core math course for the fall 2014 term, with comment type FYE. (For example, all appropriate core math courses/sections are filled, etc.)

Thank you again for your continued dedication to the University and student success at UTSA.

Barbara Smith and Tammy Wyatt
