

TRC TRANSFER SUCCESS: BUILD ON YOUR PAST EXPERIENCES

Are you a transfer student? The Tomas Rivera Center Learning Assistance Program has services tailored to your needs!

Academic Coaching

Work with a professional academic coach to create an academic plan based on your own strengths. During these one-on-one appointments, improve study techniques ranging from time management and organization to understanding your discipline's citation style to advancing critical thinking ability. Academic coaches do not teach course content but they do help students expand the skills necessary to be successful at UTSA. Call or come by to schedule your appointment!

Transfer Success Series
