All are welcome - no registration fee required

UT San Antonio ™

Artificial Intelligence Versus the Authentic Mind: Challenges, Obstacles, and Opportunities for Academic Learning Across the Disciplines

**The 18th Annual
College of Education and Human Development
Research Colloquium
The University of Texas at San Antonio**

We invite Faculty, Doctoral, Post-Doctoral, Masters, and Undergraduate students to address **Interdisciplinary and International Research** by presenting their research at the 18th Annual COEHD Research Colloquium. These presentations may be on past, present, and future areas of inquiry, published or to be published. Presentations may be in the form of a **Roundtable Discussion, Debates, Panel Discussions, Posters, and Demonstration of AI**, which includes research and disciplined inquiry in any of the disciplines that influence future educational research and development.

**Wednesday, February 25, 2026
3:00 pm - 6:00 pm
HEB Ballroom, UT San Antonio Main Campus**

We welcome a range of proposals including work in the liberal arts, sciences, health, engineering, data sciences, and other fields whose research may contribute to the objective of the Colloquium.

Proposals are due by January 27th or earlier
Use the link or the QR code to submit your proposal.
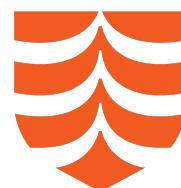

Link:
https://forms.office.com/r/jsMmHG0GmV

Sessions will be selected based on the quality of the proposal and its ability to meet the objective of the Colloquium. Presenters will be notified by email if their session is/is not selected. If your session is selected, it is the responsibility of the presenter(s) to appear at the Colloquium and present the agreed upon session.

Colloquium Details:

1. Presenters of poster sessions will be required to print their posters and bring the poster with them the day of the Colloquium. Stands will be provided to hang the poster on. The posters will be on display throughout the Colloquium and presenters will need to be present at their posters to share information about their research and answer questions.
2. You are welcome to bring and distribute handouts.
3. Presenters requiring technology for their presentation should bring any technology needed with them. Event organizers cannot guarantee access to power sources, so it is recommended that the technology does not require access to power.
4. Sessions should be 20 minutes with 5 minutes for discussion with the audience. The audience will move to another table/session after 25 minutes.
5. Sessions will be held at round tables and will have 8-10 participants at the table.

For additional information or with questions please contact the Colloquium Founder and Head, Dr. Rosalind Horowitz at Rosalind.Horowitz@utsa.edu.
