SAN ANTONIO

Dress for Success San Antonio targets the needs of low-income women by promoting economic security and self-sufficiency to break the chains of generational poverty through job preparation, employment retention and career development programs.

Since July 2002, Dress for Success San Antonio has been committed to stopping the cycle of generational poverty, violence, and homelessness in our community. We do this by offering a number of different programs focused on helping clients obtain and maintain employment for the betterment of themselves and the families they support.

Our approach prioritizes educating clients about career choice and employment stability; primary focus on career development and support, with clothing a tool to complete professional presentation. Emphasis is on education, teaching clients to understand the world of work and their places in it, with on-line skills training, business etiquette and problem-solving, contemporary search strategies and safe social networking.
