

## Fall 22 Orientation Resource Fair

*COEHD Coverage*

For the Fall 2022 Orientation season, Orientation and Family Programs will be offering incoming students and their families opportunities to attend an optional in-person extended experience. These on-campus experiences (Main Campus) will be one day programming and offered every Mondays and Tuesdays starting in June and culminating at the end of July. These experiences are in addition to the mandatory Online Orientation all new incoming students are required to complete.

Every Monday and Tuesday, as a part of the programming, Orientation and Family Programs will be incorporating a Resource Fair. **The Resource Fair** serves as an opportunity for new UTSA students and their families to learn all about the departments, offices, resources and colleges at the University. It is a great occasion to meet new students and encourage them to perhaps explore COEHD if they have never considered the college before, or provide as much information such as special programs, scholarships, student success opportunities within COEHD if they are already committed to the major.

In order to make sure COEHD is always represented at the Orientation Resource Fairs, we are asking for ***COEHD faculty and staff to volunteer for 1-2 dates to staff our Resource Fair Table.***

Duties will include:

- Ensuring students who are interested in COEHD or would like more information sign our sign-in sheet
- Sharing COEHD informational brochures and materials with students and their families
- Passing out COEHD perks
- Answering any questions or concerns new students and families may have regarding COEHD

Volunteers will pick up the UTSA Day Resource Fair Dolly which will be labeled and housed in the COEHD Student Success Center (MS 2.03.14B) before heading out to set up the COEHD Table at the Resource Fair. Volunteers will return the dolly once the Resource Fair has wrapped.

If any COEHD faculty or staff would like to include any specific informational materials regarding their programs or departments, please make sure to drop off all items in the COEHD Student Success Center prior to the first June Orientation Program.
