Please note that HEERF laptop is supplied with standard software.

We are asking laptop recipients to work with ITAs and ISAs in your department to have specialty software installed. They have been notified of the need for their assistance with loading specialty software that has been purchased by departments. If your department has no ITA/ISA, please contact us at techcafe@utsa.edu to arrange a Tech Café Technician assistance session.

If you need additional computer peripherals (monitors, keyboards, headsets, docking station, etc.), please check with your Business Service Center.

All other technical issues relating to the new laptops can be directed to the Tech Café at techcafe@utsa.edu or by calling X5555 (210-458-5555)
