

BALLET FOLKLÓRICO PLATEROS

The Ballet Folklórico Plateros, owes its name to its place of origin, the community of Plateros in Fresnillo Zacatecas, Mexico; whose headquarters has witnessed its work and development since December 6, 2016. This has been possible thanks to the leadership of its director: Lic. Octavio Alejandro Jiménez Navarrete.

Currently, the company has been attached to the College of Scientific and Technological Studies 7 (CECyTE) Zacatecas

Its mission is to promote, consolidate and preserve national and regional folk dance, in all possible scenarios and spaces, with the intention of making the customs and traditions of our country and its invaluable culture prevail.
