

**College of Education and Human Development
Educational Leadership and Policy Studies Department
Summer Workshop:
Leaders for Multi-Dimensional Learners**

This workshop will be of interest to current school administrators and teacher leaders who seek to gain valuable knowledge and skills that support effective leadership practices for multi-dimensional learners in schools within Bexar County. The workshop will be facilitated by UTSA faculty and practicing Principals from local school districts to address student achievement in special programs settings. The workshop will offer 9 CPE hours to participants and will be divided into three interactive sessions with three hours of hands-on learning each day.

The workshop is **FREE** and open to the first 25 registrants only. Certificates of completion will be awarded to all participants who complete the entire workshop and 9 clock hours of Texas Education Agency Continuing Professional Education Credit are available to all certified Texas educators.
