

PROGRAM DESCRIPTION

The **Grants for Research Advancement and Transformation (GREAT)** program, sponsored by the Office of the Vice President for Research, Economic Development, and Knowledge Enterprise (REDKE) at The University of Texas at San Antonio (UTSA), is offering seed grants to support new areas of research for faculty at UTSA. The **primary goal** of these awards is to assemble preliminary data that can be used to seek extramural funding and advance UTSA's institutional research excellence goals (NRUF, AAU, etc.).

Preference will be given to proposals that:

- Have significant intellectual merit
- Represent a new direction for the Principal Investigator (PI) or research team
- Build or strengthen cross-disciplinary research partnerships
- Have a high potential for extramural funding

Seed funding received through this program is intended to strengthen project competitiveness for the pursuit of long-term extramural funds. Successful applicants must produce a new proposal for extramural funding as a final reporting requirement within one year of completion of the seed grant award.

ELIGIBILITY & APPLICATION LIMITS

- Both single PI and multi-PI or other collaborative team projects are allowed.
- PIs must be full-time, tenure track or tenured faculty at UTSA in residence at the time of application. *Other personnel or students, including individuals outside UTSA, can be incorporated into a project team, however, only those who are UTSA employees or UTSA students can be funded through this program.*
- A faculty member may be designated as PI (primary applicant) on only one proposal (either as a new or revised proposal) each application cycle. However, an individual may serve in a Co-PI (Co-applicant) or other collaborative role on more than one application each cycle.
- It is the PI's responsibility to ensure all team members are eligible and not exceeding application limitations.
- UTSA faculty are only eligible to receive either a GREAT or an INTRA REDKE seed grant as PI (primary applicant) in any given fiscal year. Should a PI (primary applicant) be selected for both programs, the PI will be asked to select one seed grant award.
- If a GREAT application was not funded in FY22 (for the FY23 application cycle) the applicant is allowed one resubmission of a revised proposal on the same subject. *Note: Revised proposals must provide a cover letter as an appendix indicating changes from the previous proposal and responses to reviewer comments.*
- Applicants submitting a proposal closely related to a project previously funded by REDKE must demonstrate that the new application is substantially different from the prior award.

The following are ineligible for funding through the FY24 GREAT program:

- Faculty identified as PI (primary applicant) who were awarded GREAT funding for FY23 (Perf. Period: 10/1/22 – 7/31/23)
- Faculty identified as PI (primary applicants) or Co-PIs (co-applicants) that have any outstanding reports under previously funded REDKE awards
- Projects serving as gap funding to bridge support between external grants or contracts
- Proposals that have been previously submitted to an extramural agency (and are pending review or were found to be non-competitive). *Exception: Proposals previously submitted to an extramural agency that were declined on the basis of insufficient preliminary data. The Seed Grant Review Committee will consider such proposals only if the applicant submits, as an appendix, a copy of the original application as well as an executive summary statement or official letter from the agency specifically stating the deficiency or absence of preliminary data.*
- Projects proposed for REDKE seed grant funding that do not have a distinct scope. If more than one application is submitted to this or other REDKE seed grant programs, all like applications may be deemed ineligible.

AWARD INFORMATION

- **Estimated Number of Awards:** 4*, subject to availability of funds
- **Maximum Total Funding Per Project:** \$20,000
- **Performance Period:** October 2, 2023 – July 31, 2024**

* See Peer Review section for further detail regarding award distribution.

**Funding not spent by July 1, 2024 will automatically revert back to VPREDKE. This excludes salaries and wages, which can continue to be expensed through July 31, 2024. No project extensions will be allowed.

Early Career Faculty: Up to two awards may be designated for early career faculty, dependent on the intellectual merit of applications received. For the purposes of this call, *early career faculty* are defined as faculty who are within the first three years of a tenure-track position. Proposals from early career faculty will be evaluated alongside all other applications utilizing the same review criteria; however, these applications are identified as being “early career” to allow for prioritization, as determined by reviewers and REDKE.

PROGRAM TIMELINE

December 9, 2022	Request for Proposals (RFP) released
February 15, 2023	Notice of Intent due to seedgrants@utsa.edu (by 5:00pm CST)
March 8, 2023	Applications due in InfoReady (by 5:00pm CST)
June 2, 2023	Awards announced
October 2, 2023	Grant performance period begins (funds available)
March 1-15, 2024	Project Update Meeting requested by REDKE
July 1, 2024	All funds must be spent (<i>see Award Information section above</i>)
July 31, 2024	Grant performance period ends (<i>unspent funds will be swept August 2</i>)
August 31, 2024	Final project report due
August 31, 2025	Extramural grant submission report due

REDKE NOTICE OF INTENT (NOI) INSTRUCTIONS

Information provided in NOIs will not be considered final and can be revised for full application submission, however, will be used by the REDKE Seed Grants office to prepare for review. *Note – This is a notification process that is separate and distinct from a notification to the RSC for application development and approval prior to submission (described below).*

Email the following to seedgrants@utsa.edu by **5pm CST on February 15, 2023**:

- Email subject line: **NOI - GREAT Program**
Include in Email body:
 - PI name, email, college and department
 - Proposed project title
 - 3-5 sentence project overview

PROPOSAL ROUTING & SUBMISSION INSTRUCTIONS

1. Route application through a Research Service Center (RSC), utilizing the standard process. Contact your respective [Research Service Centers \(RSC\)](#) to complete a [Notice to the RSC](#) (first page of Routing Form) at least 15 business days prior to proposal deadline.
2. Submit application through REDKE's [InfoReady site](#) by **5pm CST on March 8, 2023**. *InfoReady applicant guide with video available [here](#).*

Regulatory Compliance:

Projects are subject to [Institutional Review Board \(IRB\)](#), [Institutional Animal Care and Use Committee \(IACUC\)](#), [Institutional Biosafety Committee \(IBC\)](#), export control, conflict of interest, and campus safety regulations and approvals. The PI is expected to have thoroughly investigated all [regulatory components](#) of the intended research and to have discussed relevant components in the proposal. Prior to making an award, required protocols must be in place.

APPLICATION COMPONENTS

Application components required at the time of submission are listed below. **If components are missing and/or formatting is not compliant, the application will not be reviewed.**

Formatting requirements for items with an asterisk (*) below: single-spaced, 12pt Times New Roman font, 1" margins all around.	
Component	Maximum Length
1. Abstract	250 words (<i>enter in InfoReady</i>)
2. Project Description*	5 pages
3. Key References*	1 page
4. Plan for Extramural Support*	2 pages
5. Budget	Use seed grant template
6. Budget Justification*	2 pages
7. Biographical Sketch from PI/Co-PIs	3-5 pages, as limited by the format selected
8. Current, Pending, and Recent Support*	No limit (use seed grant template)
<i>Appendices, if applicable</i>	
9. Signed Grant Agreement	See end of this document
10. For revised FY22 seed grant application: Cover Letter*	1 page
11. For consideration of unfunded extramural proposal: • Copy of original proposal • Copy of executive summary statement or official letter from the agency specifically stating the deficiency or absence of preliminary data	

1. ABSTRACT (250 WORD LIMIT)

InfoReady will prompt you to include a clear executive summary (or abstract) that summarizes the essential content of the proposed research effort, including the objectives, benefits, and significance.

2. PROJECT DESCRIPTION (5 PAGE LIMIT, INCLUDING GRAPHICS)

The project description attachment must include, in this order:

- General background
- Intellectual merit and significance of the research: Address how this project is a new direction or a different perspective from the PI's (or team's) existing research efforts and the potential impact on the researcher and discipline
- Impact of this research on society and application areas where this research can or will be applied
- Specific goals, objectives, and anticipated results
- Description of methods, including anticipated barriers/technical difficulties and how these will be addressed
- Description of resources needed for this project (equipment, materials, etc.), with indication about their availability

Appendices are only allowed for the following:

	Appendix Attachment	Instructions
Resubmission of an unfunded FY23 GREAT application	Cover letter	Indicate changes from previous proposal and responses to reviewer comments.
Application previously submitted to an extramural agency that was declined on the basis of insufficient preliminary data	1. Copy of previous submission 2. Copy of reviewer critiques/comments	Copy of the original application as well as an executive summary statement or official letter from the agency specifically stating the deficiency or absence of preliminary data.

NOTICE REGARDING CONFIDENTIALITY: It is important that you consult the [Office of Commercialization and Innovation](#) before disclosing details of any research that may be patentable. Any confidential information in this proposal must be clearly identified by marking "Confidential" at the top and bottom of each page where the confidential information appears.

3. KEY REFERENCES (1 PAGE LIMIT)

Attach a list of references relevant to the project.

4. PLAN FOR EXTRAMURAL SUPPORT (2 PAGE LIMIT)

Attach a specific plan for pursuit of extramural funding after completion of this project.

Submission of at least one extramural proposal is required as part of the grant award terms and must be completed within one year of the completion of the award term.

Your plan for extramural support must include the following:

- *Sponsor/Program:* What extramural funding program(s) do you plan to pursue? List specific program(s), deadlines you will target, and how you will leverage results of this seed grant for external support.
- *Objectives:* What will the extramural proposal seek to accomplish and how is it specifically supported by this seed funding? Describe how this work represents a new area for you and what the potential societal impact is.
- *Team:* Who are your team members from UTSA and other partnering organizations? Briefly describe their skills related to the project. More people can be involved in your extramural funding proposal team than are budgeted in this seed grant.
- *Pre-review:* Who will read and comment on your extramural proposal before it is submitted? Having a colleague review your application prior to submission significantly increases the likelihood of being funded.

5. BUDGET (UTILIZING [UTSA TEMPLATE](#))

Budgets must be submitted solely on the UTSA approved budget template ([Internal Seed Grant Budget Template](#)). Contact your respective [Research Service Center \(RSC\)](#) for assistance with completing the budget template.

6. BUDGET JUSTIFICATION (2 PAGE LIMIT)

Details for all proposed expenditures must be described in a budget justification attachment. This document must convey an integrated understanding of the types of resources (labor, materials, other) necessary to complete the proposed research project. For each line item, provide detailed calculations at how you arrived at totals/estimates, and note whether funds will be expensed during the academic year (October – May), summer (June – July) or both.

Budget Considerations

Funds **can** be used for the following:

- Salaries and/or wages for faculty, postdoctoral fellows, graduate, and undergraduate students. *Faculty are not required to request funding for their effort, However, if a faculty member does request funded effort, each faculty member is limited to no more than 1 summer month of effort. For most T/TT faculty, 1 summer month is the equivalent of 1/9th of your base annual academic salary contract amount. [Fringe benefits](#) are paid centrally and should be excluded from the budget worksheet.*
- Materials and supplies (*any item with a cost of less than \$5,000/unit; must be justified as needed for project success*)
- Expenses for field work, data collection, archival research, training, educational purposes and/or presentations on research, creative or scholarly activities directly related to the proposed project
- Consultant fees
- Contracts for activities outside of UTSA (*must be clearly and convincingly described as necessary for successful execution of the proposed project*)
- Domestic travel (data collection, conference presentation, meeting with a collaborator). *Travel must adhere to [UTSA Financial Management Operational Guidelines](#) and [GSA per diem rates](#).*

Funds **cannot** be used for the following:

- Fringe benefits
- Equipment (*unit cost of \$5,000 and useable life of greater than one year*)
- Office equipment, including computers or laptops.
- International travel
- Non-UTSA employee travel
- Stipends, scholarships, and/or tuition
- Indirect costs (F&A) costs
- Payment of salaries to non-UTSA personnel
- Refreshments. (*Includes food/refreshments for participants, business meals. Excludes meals while on travel*).
- Hosting conferences, workshops, or seminars
- Travel to visit program officers

If additional resources are available to support this project through other sources, the budget justification should include a list of these resources, noting when the resource will be available and who it will be provided by. **Examples include** lab or studio time, equipment, computer resources, and research assistantships made available through a department, as well as support obtained from external sources. Note: While additional resources can be listed, no formal cost-sharing is allowed.

NOTE- If awarded, applicants are unable to reallocate funds without prior approval from REDKE. Please contact seedgrants@utsa.edu prior to working with your departmental financial lead to allocate funds differently from that described in your approved application. REDKE will review costs to ensure it is an allowable expense. When budgeting for participant support, estimate with most accuracy as possible. Reallocation to and from this spending category is not permissible.

7. **BIOGRAPHICAL SKETCH (3-5 PAGES, AS LIMITED BY THE FORMAT SELECTED)**

Biographic sketch attachments must be included for PI (primary applicant) and any Co-PIs (co-applicants). [NIH](#) or [NSF](#) format must be used.

8. **CURRENT, PENDING, AND OTHER RECENT SUPPORT (NO LIMIT, USE [SEED GRANT TEMPLATE](#))**

Current, Pending, and other Recent Support attachments must be included for PI (primary applicant) and any Co-PIs (co-applicants). Details for all current, pending, and other recently funded (within last 3 years, if already complete) projects must be described in an attachment, including this project. The following must be included for each project:

- Label of Pending, Current, or Other Recently Funded
- Project Proposal Title
- Source of Support (i.e., sponsor name)
- Total Award Amount
- Total Award Period Covered (e.g., 9/1/20 – 8/31/21)
- Person Months Per Year Committed to Project (i.e., academic and/or summer months)

9. **GRANT AGREEMENT (SEE END OF THIS DOCUMENT)**

Each UTSA PI (primary applicant) and UTSA Co-PI (co-applicant) must have this document signed by their direct supervisor (i.e. Department Chair or School Director), acknowledging that they have also read all responsibilities and obligations of the applicant and their department or school.

PEER REVIEW

Applications will be reviewed by an internal Seed Grant Review Committee established annually by the REDKE. This committee is appointed by REDKE staff, in consultation with UTSA Associate Deans for Research (ADRs). The committee will be divided into two (2) review panels, as follows. Panel 1: COB, COEHD, COLFA, HCAP, and CEID-School of Architecture & Planning (unless otherwise advised by the CEID ADR); Panel 2: CEID and COS. Percentage of proposals selected for award will be relative to the number of total applications received (i.e., the panel

with the greatest number of submissions will receive the greatest number of awards, proportionally).

- Committee members will be from a variety of academic backgrounds. As such, *proposals should be clearly written in a way that the goals, rationale, and methods of the proposed work can be understood by all reviewers*. Avoid discipline-specific terminology/jargon as much as possible.
- The Seed Grant Review Committee will review proposals and make recommendations to the REDKE office. Funding decisions will be based primarily on the Committee's recommendations; however, final decisions will rest with the REDKE Office.
- **Proposals will be evaluated based on the weighted criteria below.** The PI (primary applicant) is expected to include all required proposal components and to fully and clearly address each criteria.

<u>Review Criteria</u>	<u>Max Point Allocation</u>
Is the project describe in sufficient detail and does the proposal provide strong justification for the intellectual merit and significance of this research?	15
Are the overall strategy, methodology, and analyses well-reasoned and appropriate to accomplish the project objectives?	15
Did the proposal address whether the project is a new direction from the applicant's (or team's) existing research efforts and the potential impact of this new direction? Does research overlap with currently funded projects?	15
Are the goals, objectives and anticipated results stated clearly and are they reasonable, given the funds, and time provided?	10
Did the proposal address a feasible plan to obtain extramural funding to support the project in future years?	10
Did the proposal demonstrate enhancement of cross-disciplinary research partnerships?	10
Did proposal describe the broader impact to the field and to society?	5
Are potential difficulties, alternative strategies, and benchmarks for success presented?	5
Did the proposal specify the resources needed for this project (labor, equipment, materials, etc.) and indicate their availability?	5
Did the proposal outline a spending plan and thoroughly address each expenditure with a clear justification and calculations? Do proposed costs align with proposed scope of work?	5
Did the applicant (or team) convey through their biographical sketches that they have appropriate experience and training? And have they demonstrated an ongoing record of accomplishments that have advanced their field(s)?	5
Total Points Possible	100

GRANT ADMINISTRATION

The PI (primary applicant) is responsible for the administration of grant funds. All grant expenditures must conform to state and university regulations and approvals. In particular, the PI must be certain that over-expenditures do not occur, and that all funds are fully expended according to programmatic deadlines. All work must be completed within the performance period.

INTERIM AND FINAL REPORTING REQUIREMENTS

A Project Update Meeting/Report will be requested by REDKE staff in March 2024. Applicants awarded funding under this opportunity will be required to submit their final report to REDKE using the UTSA Seed Grant Reporting Form, capturing both quantitative and qualitative output. Awardees will be provided final reporting instructions prior to the end of their project. The PI (primary applicant) is responsible for submitting a Final Grant Report no later than **August 31, 2024**.

A final report must be filed with REDKE in order for members of the project team to be considered for future REDKE Seed Grant funding.

Extramural Grant Submission Required

Awardees must produce a new proposal for extramural funding as part of the final report within one year of completion of this project. In exceptional cases, where seed funding may prove the project non-competitive, a waiver of the extramural application requirement can be requested from REDKE. If neither an extramural proposal nor waiver is submitted, no new REDKE research funds will be made available to the PI (primary applicant) or Co-PIs (co-applicants) until an extramural proposal or waiver is submitted. **The applicants must submit a report to the REDKE describing the extramural grant submission details by August 31, 2025.**

CONTACT INFORMATION

Ana Isabel Leos
Research Program Coordinator
Office of Strategic Research Development
Email: seedgrants@utsa.edu

If this research proposal is funded, I agree that my acceptance obligates me to:

1. Maintain program eligibility throughout the award/performance period, including residence and employment with UTSA. If there is any change in employment or residency status, the PI (primary applicant) and/or their direct supervisor (department chair, school director, or dean) must notify REDKE staff at seedgrants@utsa.edu.
2. Include the following acknowledgement on all publications resulting from this grant award.

“This project was funded (full or in-part) by The University of Texas at San Antonio, Office of the Vice President for Research, Economic Development, and Knowledge Enterprise.”
3. If human subjects, animals, or biohazardous materials will be utilized in the research, protocols to the Institutional Review Board ([IRB](#)), Institutional Animal Care and Use Committee ([IACUC](#)), or Institutional Biosafety Committee ([IBC](#)) must be approved prior to funds being released.
4. Secure prior written approval from the Office of the Vice President for Research, Economic Development, and Knowledge Enterprise if the research to be conducted differs from that described in the proposal that was funded. Requests for such approval should be submitted to:
Office of Strategic Research Development
Email: seedgrants@utsa.edu
5. Submit at least one extramural proposal for funding to support the future progress of the project, within one year of the completion of the **GREAT** award period.
6. Adhere to the assigned **GREAT** PROGRAM TIMELINE:
October 2, 2023 – Grant performance period begins (i.e., funds available)
March 1-15, 2024 – Project Update Meeting Requested by REDKE
July 1, 2024 – All funds must be spent
July 31, 2024 – Grant Performance Period Ends (Unspent funds swept on August 2)
August 31, 2024 – Final project report due
August 31, 2025 – Extramural grant submission report due
7. Respond to all inquiries and communications from the Office of the Vice President for Research, Economic, Development, and Knowledge Enterprise related to this funded project.
8. Participate as a reviewer on the Seed Grant Review Committee(s) during award period.
